Progress Announces JSMobileConf, the Community Event Dedicated to JavaScript and Mobile Development

August 15, 2018

Taking place October 25-26 in Boston, MA, the two-day event will bring together the best and brightest minds within the JavaScript developer community

BEDFORD, Mass.--(BUSINESS WIRE)--Aug. 15, 2018-- Progress (NASDAQ: PRGS), the leading provider of application development and digital experience technologies, today announced the dates, location and the initial speaker lineup for JSMobileConf, the community event exploring all things JavaScript – from mobile web and mobile app development to the internet of things (IoT), machine learning, artificial intelligence (AI), virtual reality (VR) and more.

JSMobileConf will take place October 25-26, 2018 at Aloft Boston and will offer JavaScript community members the opportunity to hear from industry leaders on an array of JavaScript and mobile development related topics. Some speakers include:

- Ethan Marcotte, Independent Web Designer and Author of "Responsive Web Design" and "Responsive Design: Patterns & Principals"
- Todd Anglin, Vice President, Product and Developer Relations, Progress
- Jory Burson, COO, Bocoup
- Sage Franch, Co-Founder & CTO, Crescendo
- Burke Holland, Senior Developer Advocate, Microsoft
- Aman Hussein, Senior Open Web Engineer, Bocoup
- Ashi Krishnan, Senior Software Engineer, GitHub
- Macy Kuang, Game Engineer, Google Developer Expert, Intel Innovator and Founder of Miaomiao Games
- Simon MacDonald, Senior Software Scientist, Adobe
- Brandon Satrom, Particle Developer Evangelist and Founder of Carrot Pants Studios
- Jeff Whelpley, Co-Founder and CTO, Swish.com

As speakers are added, view the full lineup at https://jsmobileconf.com/#lgx-speakers.

"Whenever we have the opportunity to bring together the best and brightest in our community, it results in a series of provocative, innovative discussions that reignites our passion for development," said Todd Anglin, Vice President, Product and Developer Relations, Progress. "This event was built for the developer community to provide two full days of technical working sessions, peer-to-peer discussion and sharing of best practices in JavaScript and mobile development. It is geared for all levels – from beginner to seasoned mobile developers, making this event a can't miss opportunity."
