

Progress to Exhibit at GITEX, the Biggest Tech Show in the Middle East, North Africa and South Asia

October 2, 2019

Progress to demonstrate how Ipswitch WhatsUp Gold and Ipswitch MOVEit can make network monitoring and data sharing safer and how organizations can leverage Progress Sitefinity to streamline web content management

BEDFORD, Mass.—Oct. 2, 2019—[Progress](#) (NASDAQ: PRGS), the leading provider of application development and digital experience technologies, today announced that it will be exhibiting at the 39th annual [GITEX Technology Week](#), the biggest tech show in the Middle East, North Africa and South Asia. The event will take place Oct. 6-10, 2019 at the Dubai World Trade Center, Dubai, United Arab Emirates.

Every year, GITEX Technology Week gathers more than 100,000 global visionaries, tech pioneers, business leaders and IT professionals from over 140 countries. They discuss, show and experience the latest technology advancements in fields like Artificial Intelligence, 5G, future mobility, smart cities and learn how they can help drive digital transformation.

Progress and its partner [emt Distribution](#) will be featuring [Ipswitch® WhatsUp® Gold](#) network monitoring software and [Ipswitch® MOVEit®](#) managed file transfer software under the theme, “Make the Networked World a Safer Place to Share Data” in the Sheikh Rashid Hall at Stand SR-8. Event attendees will have the opportunity to meet with Progress and emt Distribution representatives and learn more about current trends in the network monitoring and data sharing market as well as best practices for leveraging the right technology.

In addition, Progress will be co-exhibiting its leading web content management system, [Progress® Sitefinity®](#), at [Ingram Micro's](#) booth #C4-1 in Hall 4. Progress representatives will demonstrate the system's key capabilities, including ease of deployment, faster time to market and quicker content delivery, without IT help. Visitors to the Ingram Micro booth will be able to learn more about Ipswitch WhatsUp Gold and Ipswitch MOVEit, which are also offered by the distributor.

Event: GITEX Technology Week

Dates: Oct. 6-10, 2019

Topic: Make the Networked World a Safer Place to Share Data

Progress and emt Booth: Sheikh Rashid Hall, Stand SR-8

Progress and Ingram Micro Booth: C4-1, Hall-4

Venue: Dubai World Trade Center, Sheikh Zayed Rd., Dubai, UAE

[MOVEit](#) secure managed file transfer software is used by thousands of organizations around the world to provide complete visibility and control over file transfer activities. It's designed to ensure the reliability of core business processes and the secure and compliant transfer of sensitive data between partners, customers, users and systems.

[WhatsUp Gold](#) is a network monitoring solution providing coverage from the network edge to the cloud. It enables organizations to see developing issues before users report them and troubleshoot faster from an interactive topology map that shows connectivity and dependencies.

[Sitefinity](#) empowers organizations to create effective and compelling digital experiences meeting the expectations of today's users. It empowers marketing teams with key capabilities and helps them reduce their day-to-day reliance on IT by 80%, while enabling developers to quickly deliver new sites and experiences.
