

## Progress Releases 2019 Corporate Social Responsibility Report

April 14, 2020

*Report Offers Year in Review for Company Efforts Focused on Inclusion and Diversity, Charitable Giving and Volunteerism, as well as Environmental Sustainability*

BEDFORD, Mass., April 14, 2020 (GLOBE NEWSWIRE) -- [Progress](#) (NASDAQ: PRGS), the leading provider of application development and digital experience technologies, today announced the release of its 2019 Corporate Social Responsibility (CSR) Report. With a focus on three program pillars: Our People, Our Community, Our World, the report outlines all the efforts led by the company and its employees specific to its CSR program, [Progress for Tomorrow](#). The full report can be viewed [here](#).

"At Progress, we believe it is our responsibility to consider and improve the social and environmental impact of our business," said Yogesh Gupta, CEO, Progress. "With the Progress for Tomorrow program, we're investing in making sure we have a purposeful positive impact on our people, our communities and our environment."

Progress for Tomorrow is organized around three key pillars: inclusion and diversity (I&D) and human rights (Our People); philanthropic efforts, charitable giving and volunteerism (Our Community); and environmental and sustainability (Our World).

- **Our People:** We are focused on continuously improving the well-being of our employees and their families around the globe. Accomplishments in 2019 include the advancement of I&D efforts with the establishment of the I&D Advisory Committee and Employee Resource Groups (ERGs), including Progress for Her, an inclusive ERG focused on enabling and empowering women at Progress. Progress also expanded training and development resources for all employees and dramatically increased health and wellness resources for employees and their families.
- **Our Community:** We are focused on bettering and contributing to the communities in which we live and work. Progress has organized and channeled its many philanthropic activities and contributions with a focus on making a difference for STEM education and underprivileged children. Progress's activities include employee hands-on community projects, financial donations, a new scholarship for women in STEM, and much more.
- **Our World:** We are committed to sustainability and environmental responsibility in all that we do. In 2019 we completed a comprehensive review of our enterprise-wide sustainability measures; took actions to further decrease our environmental impact across our business locations; and we formalized processes for measuring, monitoring and benchmarking our efforts moving forward.

"In 2019, we took great efforts to formalize our CSR activities into Progress for Tomorrow," said Katie Kulikoski, Chief People Officer, Progress. "I am proud of what our company and people have been able to accomplish, and I am confident that Progress will have a meaningful and lasting positive impact on our communities, both during the current global health crisis and beyond."

The complete CSR report is currently available [here](#). For more information about this and other Progress for Tomorrow initiatives, please go to <https://www.progress.com/social-responsibility>.
