

## Progress Announces the Return of ChefConf 2023, with Events in Seattle, Washington and Munich, Germany

August 22, 2023

*Now in its 12th year, the comprehensive event for DevOps professionals will dive into the latest innovations and practices in DevSecOps, compliance and security*

BURLINGTON, Mass., Aug. 22, 2023 (GLOBE NEWSWIRE) -- [Progress](#) (Nasdaq: PRGS), the trusted provider of application development and infrastructure software, today announced the return of [ChefConf 2023](#). Designed to empower attendees with the information, products and personal connections they need to understand the ever-evolving DevOps landscape, this year's event will be held in two locations – Seattle, WA and Munich, Germany -- to reach more Chef customers, community members, IT executives, software developers and DevOps professionals around the world. Registration is open at <https://www.chef.io/chefconf>.

Dates and Locations	
ChefConf US September 26-27, 2023 Seattle, WA Hyatt Regency, Seattle	ChefConf Europe October 12-13, 2023 Munich, Germany Munich Marriott City West

With 30+ expert-led sessions, panels and workshops, demos and networking opportunities, ChefConf will provide unparalleled insights that drive innovation in the DevOps community. The conference will explore the latest innovations and practices in DevSecOps, compliance and security, and IT leadership and IT operations. Progress has assembled a dynamic lineup of speakers, industry thought leaders and Chef experts for this year's event, including:

- Stephanie Laingen, Director of Innovation, TapHere! Technology
- Dan-Joe Lopez, DevOps CoE Global Team Lead, SAP
- Emily Rodriguez, Software Engineer - MITRE SAF
- Joe Nuspl, Principal Engineer at Workday

"We are excited to gather, collaborate and continue to revolutionize the way we approach DevOps automation and infrastructure management," said Sundar Subramanian, Executive Vice President, General Manager, Infrastructure Management, Progress. "We are committed to delivering to our customers and community the technology they need to drive their businesses forward and top industry knowledge for greater decision making, to better set them up for success."

[Progress@Chef@](#) is an industry-leading portfolio that addresses the full spectrum of DevOps and DevSecOps, using a single 'as code' framework to configure, deploy and manage virtually any asset on any cloud to any edge, including support for any infrastructure or application including cloud-native assets like Kubernetes and public cloud services. Using this single framework, the Chef portfolio can also help organizations streamline their continuous compliance posture and secure infrastructure support on premises or in the cloud.

Additional details about the ChefConf agenda and speakers will be available in the coming weeks. To learn more about this event and to register, go to <https://www.chef.io/chefconf>.

### About Progress

Dedicated to propelling business forward in a technology-driven world, [Progress](#) (Nasdaq: PRGS) helps businesses drive faster cycles of innovation, fuel momentum and accelerate their path to success. As the trusted provider of the best products to develop, deploy and manage high-impact applications, Progress enables customers to develop the applications and experiences they need, deploy where and how they want and manage it all safely and securely.
