#### Item 2.02 Results of Operations and Financial Condition

On March 29, 2022, Progress Software Corporation ("Progress") issued a press release announcing its financial results for the fiscal first quarter ended February 28, 2022. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein by reference.

This information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and is not deemed incorporated by reference into any other filing of the company, whether made before or after the date of this report, regardless of any general incorporation language in the filing.

Non-GAAP Financial Information - Progress provides non-GAAP supplemental information to its financial results. We use this non-GAAP information to evaluate our period-over-period operating performance because our management believes the information helps illustrate underlying trends in our business and provides us with a more comparable measure of our continuing business, as well as a greater understanding of the results from the primary operations of our business business, by excluding the effects of certain items that do not reflect the ordinary earnings of our operations. Management also uses this non-GAAP financial information to establish budgets and operational goals, which are communicated internally, evaluate performance, and allocate resources. In addition, compensation of our executives and non-executive employees is based in part on the performance of our business evaluated using this same non-GAAP information. We believe this non-GAAP financial information enhances investors' overall understanding of our current financial performance and our prospects for the future by providing more transparency for certain financial measures and providing the sine stors a view of our operating results on both a GAAP and non-GAAP basis during and following the integration period of our acquisitions.

However, this non-GAAP information is not in accordance with, or an alternative to, generally accepted accounting principles in the United States ("GAAP") and should be considered in conjunction with our GAAP results as the items excluded from the non-GAAP information often have a material impact on Progress' financial results. A reconciliation of non-GAAP adjustments to Progress' GAAP financial results is included in the tables in the press release and is available on the Progress website at <a href="https://www.progress.com">www.progress.com</a> within the investor relations section.

As described in more detail below, non-GAAP revenue, non-GAAP costs of sales and operating expenses, non-GAAP income from operations and operating margin, non-GAAP net income, and non-GAAP diluted earnings per share exclude the effect of purchase accounting on the fair value of acquired deferred revenue, amortization of acquired intangible assets, stock-based compensation expense, restructuring charges, acquisition-related and transition expenses, amortization of the discount on our convertible senior notes, and the related tax effects of the preceding items. We also provide guidance on adjusted free cash flow, which is equal to cash flows from operating activities less purchases of property and equipment, plus restructuring payments.

In the noted fiscal periods, we adjusted for the following items from our GAAP financial results to arrive at our non-GAAP financial measures:

- Acquisition-related revenue In all periods presented, we include acquisition-related revenue, which constitutes revenue reflected as pre-acquisition deferred revenue that would have been recognized prior to our adoption of Accounting Standards Update No. 2021-08, Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers ("ASU 2021-08") during the fourth quarter of fiscal year 2021. The acquisition-related revenue in our results relates to Chef Software, Inc. and Ipswitch, Inc., which we acquired on October 5, 2020 and April 30, 2019, respectively. Since GAAP accounting required the elimination of this revenue prior to the adoption of ASU 2021-08, GAAP results alone do not fully capture all of our economic activities. We believe these adjustments are useful to management and investors as a measure of the ongoing performance of the business because, although we cannot be certain that customers will renew their contracts, we have historically experienced high renewal rates on maintenance and support agreements and other customer contracts.
- Amortization of acquired intangibles In all periods presented, we exclude amortization of acquired intangibles because those expenses are unrelated to our core operating performance and the intangible assets acquired vary significantly based on the timing and magnitude of our acquisition transactions and the maturities of the businesses acquired.
- Stock-based compensation In all periods presented, we exclude stock-based compensation to be consistent with the way management and the financial community evaluates our performance and the methods used by analysts
  to calculate consensus estimates. The expense related to stock-based awards is generally not controllable in the short-term and can vary significantly based on the timing, size and nature of awards granted. As such, we do not
  include these charges in operating plans. Stock-based compensation will continue in future periods.

- Restructuring expenses In all periods presented, we exclude restructuring expenses incurred because those expenses distort trends and are not part of our core operating results.
- Acquisition-related and transition expenses In all periods presented, we exclude acquisition-related expenses because those expenses distort trends and are not part of our core operating results. In recent years, we have completed a number of acquisitions, which result in our incurring operating expenses which would not otherwise have been incurred. By excluding certain transition, integration and other acquisition-related expense items in connection with acquisitions, this provides more meaningful comparisons of the financial results to our historical operations and forward-looking guidance and the financial results of less acquisitive peer companies. We consider these types of costs and adjustments, to a great extent, to be unpredictable and dependent on a significant number of factors that are outside of our control. Furthermore, we do not consider these acquisition-related costs and adjustments to be related to the organic continuing operations of the acquired businesses and are generally not relevant to assessing or estimating the long-term performance of the acquired assets. In addition, the size, complexity and/or volume of past acquisitions, which often drives the magnitude of acquisition-related costs, may not be indicative of the size, complexity and/or volume of future acquisitions. Gain on assets held for sale - We exclude the gain on assets held for sale in fiscal year 2022 associated with the likely sale of our Bedford, Massachusetts headquarters. We don't believe such gains are part of our core operating
- results because they are inconsistent in amount and frequency and therefore may distort operating trends. We believe that eliminating these amounts, when significant and not reflective of ongoing business and operatin results, facilitates a more meaningful evaluation of our current operating performance and comparisons to our operating performance in other periods. *Income tax adjustment* In all periods presented, we adjust our income tax provision by excluding the tax impact of the non-GAAP adjustments discussed above.

Constant Currency - Revenue from our international operations has historically represented a substantial portion of our total revenue. As a result, our revenue results have been impacted, and we expect will continue to be impacted, by fluctuations in foreign currency exchange rates. For example, if the local currencies of our foreign subsidiaries strengthen, our consolidated results stated in U.S. dollars are positively impacted.

As exchange rates are an important factor in understanding period to period comparisons, we present revenue growth rates on a constant currency basis, which helps improve the understanding of our revenue results and our performance in comparison to prior periods. The constant currency information presented is calculated by translating current period results using prior period weighted average foreign currency exchange rates. These results should be considered in addition to, not as a substitute for, results reported in accordance with GAAP.

Annual Recurring Revenue ("ARR") - We provide an ARR performance metric to help investors better understand and assess the performance of our business because our mix of revenue generated from recurring sources has increased in recent years. ARR represents the annualized contract value for all active and contractually binding term-based contracts at the end of a period. ARR includes maintenance, software upgrade rights, public cloud and on-premises subscription-based transactions and managed services.

ARR does not have any standardized meaning and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our customers.

#### PRESSANNOUNCEMENT

#### **Progress Announces First Quarter 2022 Financial Results**

#### Revenue and Earnings Per Share Exceed Guidance Ranges Full Year Guidance Increased for Revenue and Earnings Per Share

BEDFORD, Mass, March 29, 2022 (GlobeNewswire) — Progress (Nasdaq: PRGS), the trusted provider of infrastructure software, today announced financial results for its fiscal first quarter ended February 28, 2022.

#### First Quarter 2022 Highlights:

- Revenue of \$144.9 million increased 19% year-over-year on an actual currency basis, and 21% on a constant currency basis.
- Non-GAAP revenue of \$144.5 million increased 15% year-over-year on an actual currency basis, and 14% on a constant currency basis. Annualized Recurring Revenue (ARR) of \$479 million increased 12% year-over-year on a constant currency basis. Operating margin was 20% and Non-GAAP operating margin was 40%. Diluted earnings per share was \$0.46 compared to \$0.42 in the same quarter last year, an increase of 10%.

- Non-GAAP diluted earnings per share was \$0.97 compared to \$0.95 in the same quarter last year, an increase of 2%.

"We are extremely pleased with our strong first quarter results which built on the momentum from last year," said Yogesh Gupta, CEO at Progress. "Customer demand and our execution remained solid, the integration of Kemp is on track and going very well, and the M&A deal pipeline remains robust. Although our financial exposure to Russia and Belarus is immaterial, we are nonetheless horrified by the geopolitical events and saddened by the humanitarian tragedy in Ukraine. Our hearts are with all of those in the region."

#### Other fiscal first quarter 2022 metrics and recent results included:

- Cash, cash equivalents and short-term investments were \$173.3 million at the end of the quarter. DSO was 52 days compared to 53 days in the fiscal first quarter of 2021 and 60 days in the fiscal fourth quarter of 2021. On March 23, 2022, our Board of Directors declared a quarterly dividend of \$0.175 per share of common stock that will be paid on June 15, 2022 to shareholders of record as of the close of business on June 1, 2022.

Anthony Folger, CFO, said: "We delivered strong financial results across the board in the first quarter, a continuation of the trend that we saw for much of fiscal year 2021. The integration of Kemp is tracking to plan and Kemp's first full quarter with Progress contributed in line with our expectations and helped sustain the momentum of our total growth strategy."

#### 2022 Business Outlook

Progress provides the following guidance for the fiscal year ending November 30, 2022 and the fiscal second quarter ending May 31, 2022:

	uidance 22)	Prior FY 2022 Gu (January 18, 20		
(In millions, except percentages and per share amounts)	GAAP	Non-GAAP	GAAP	Non-GAAP
Revenue	\$601 - \$609	\$609 - \$617	\$597 - \$607	\$605 - \$615

Revenue			\$143 - \$146	\$145 - \$148
Diluted earnings per share			\$0.62 - \$0.64	\$0.94 - \$0.96

Based on current exchange rates, the expected negative currency translation impact on Progress' fiscal year 2022 business outlook compared to 2021 exchange rates is approximately \$9.2 million on GAAP and non-GAAP revenue, and approximately \$0.3 on GAAP and non-GAAP diluted earnings per share. The expected negative currency translation impact on Progress' fiscal Q2 2022 business outlook compared to 2021 exchange rates is approximately \$0.2 million. The expected negative impact on GAAP and non-GAAP revenue, and approximately \$2.8 million. The expected negative impact on GAAP and non-GAAP diluted Q2 2022 earnings per share is \$0.01. To the extent that there are changes in exchange rates versus the current environment, this may have an impact on Progress' business outlook.

#### Legal Notice Regarding Non-GAAP Financial Information

Progress provides non-GAAP financial information as additional information for investors. These non-GAAP measures are not in accordance with, or an alternative to, generally accepted accounting principles in the United States ("GAAP"). Progress believes that the non-GAAP results described in this release are useful for an understanding of its ongoing operations and provide additional detail and an alternative method of assessing its operating results. A reconciliation of non-GAAP adjustments to the company's GAAP financial results is included in the tables below and is available on the Progress website at <a href="https://www.progress.com">www.progress.com</a> within the investor relations section. Additional information regarding the company's ono-GAAP financial is contained in the company's Current Report on Form 8-K furnished to the Securities and Exchange Commission in connection with this press release, which is also available on the Progress website within the investor relations section.

#### Note Regarding Forward-Looking Statements

This press release contains statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Progress has identified some of these forward-looking statements with words like "believe," "may," "could," "might," "should," "expect," "intend," "plan," "target," "anticipate" and "continue," the negative of these words, other terms of similar meaning or the use of future dates.

Forward-looking statements in this press release include, but are not limited to, statements regarding Progress' business outlook and financial guidance. There are a number of factors that could cause actual results or future events to differ materially from those anticipated by the forward-looking statements, including, without limitation:

(1) Economic, geopolitical and market conditions can adversely affect our business, results of operations and financial condition, including our revenue growth and profitability, which in turn could adversely affect our stock price. (2) We may fail to achieve our financial forecasts due to such factors as delays or size reductions in transactions, fewer large transactions in a particular quarter, fluctuations in currency exchange rates, or a decline in our renewal rates for contracts. (3) Our ability to successfully manage transactions on the vbusiness models and markets, including an increased emphasis on a cloud and subscription strategy, may not be successful. (4) If we are unable to develop new or sufficiently differentiated products and services, or to enhance and improve our existing products and services in a timely manner to meet market demand, partners and customers may not purchase new software licenses or subscriptions or purchase or relationships with channel partners. (6) Our international sales and operations subject to a didicional risks that can adversely affect our operating results, including risks relating to foreign currency gains and losses. (7) If the security measures for our software, services, other offerings or our internal information technology infrastructure are compromised or subject to a successful cyber-attack, or if our software offerings contain significant coding or configuration errors, we may experience reputational harm, legal claims and financial exposure. (8) We have made acquisitions, and may make acquisitions in the future, and those acquisitions and benefits of the Kemp acquisition could adversely affect our operations. (9) outbreak on our employees, customers, partners, and benefits of the Kemp acquisition could adversely affect our business, results of operations and financial condition. (10) The continuing impact of the coronavirus disease (COVID-19) outbreak on our employees, customers, partners, and the global financial markets could adversely affect our business,

Q1 2022 Supplemental Data

March 29, 2022

### Safe Harbor

This presentation contains statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Progress has identified some of these forward-looking statements with words like "believe," "may," "could," "would," "might," "should," "expect," "intend," "plan," "target," "anticipate" and "continue," the negative of these words, other terms of similar meaning or the use of future dates. Forward-looking statements in this presentation include, but are not limited to, statements regarding Progress's strategy; acquisitions; future revenue growth, operating margin and cost savings; strategic partnering and marketing initiatives; and other statements regarding the future operation, prospects and success of Progress's business.

- There are many factors that could cause actual results or future events to differ materially from those anticipated by the forward-looking statements, including, without limitation:
- Economic, geopolitical and market conditions can adversely affect our business, results of operations and financial condition, including our revenue growth and profitability, which in turn could adversely affect our stock price.
- We may fail to achieve our financial forecasts due to such factors as delays or size reductions in transactions, fewer large transactions in a particular quarter, fluctuations in currency exchange rates, or a decline
  in our renewal rates for contracts.
- Our ability to successfully manage transitions to new business models and markets, including an increased emphasis on a cloud and subscription strategy, may not be successful.
- If we are unable to develop new or sufficiently differentiated products and services, or to enhance and improve our existing products and services in a timely manner to meet market demand, partners and
  customers may not purchase new software licenses or subscriptions or purchase or renew support contracts.
- We depend upon our extensive partner channel, and we may not be successful in retaining or expanding our relationships with channel partners.
- Our international sales and operations subject us to additional risks that can adversely affect our operating results, including risks relating to foreign currency gains and losses.
- If the security measures for our software, services, other offerings or our internal information technology infrastructure are compromised or subject to a successful cyber-attack, or if our software offerings contain significant coding or configuration errors, we may experience reputational harm, legal claims and financial exposure.
- We have made acquisitions, and may make acquisitions in the future, and those acquisitions may not be successful, may involve unanticipated costs or other integration issues or may disrupt our existing
  operations.
- The continuing impact of the coronavirus disease (COVID-19) outbreak on our employees, customers, partners, and the global financial markets could adversely affect our business, results of operations and financial condition

For further information regarding risks and uncertainties associated with our business, please refer to our filings with the Securities and Exchange Commission. Progress undertakes no obligation to update any forward-looking statements, which speak only as of the date of this presentation, except for statements relating to Progress' projected results for the quarter ended May 31, 2022, and fiscal year ended November 30, 2022, which speak only as of March 29, 2022.

Finally, in this presentation we will be referring to non-GAAP financial measures such as non-GAAP revenue, non-GAAP income from operations and operating margin, adjusted free cash flow and non-GAAP diverse are not prepared in accordance with generally accepted accounting principles. A reconciliation between non-GAAP and the most directly comparable GAAP financial measures appears in our earnings press release for the fiscal quarter ended February 28, 2022 and is available in the Investor Relations section of our Web site.

### Summary Highlights Q1 2022

Strong Financial Results, Good Start to FY22

- Broad top-line strength and momentum continued from FY21.
- Strong demand and solid execution, including disciplined expense management, drove results above high end of guidance range.
- ARR growth (up 12% on an as reported basis and 3.5% on a pro-forma basis, both in constant currency) and consistently strong net retention rates of >100% reflect continued strong performance across the board.
- Kemp integration proceeding at or ahead of plan...no major speedbumps or surprises.
