Item 2.02 Results of Operations and Financial Condition

On March 25, 2021, Progress Software Corporation ("Progress") issued a press release announcing its financial results for the fiscal first quarter ended February 28, 2021. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein by reference.

This information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and is not deemed incorporated by reference into any other filing of the company, whether made before or after the date of this report, regardless of any general incorporation language in the filing.

Non-GAAP Financial Information - Progress provides non-GAAP supplemental information to its financial results. We use this non-GAAP information to evaluate our period-over-period operating performance because our management believes the information helps illustrate underlying trends in our business and provides us with a more comparable measure of our continuing business, as well as a greater understanding of the results from the primary operations of our business, by excluding the effects of certain items that do not reflect the ordinary earnings of our operations. Management also uses this non-GAAP financial information to establish budgets and operational goals, which are communicated internally and externally, evaluate performance, and allocate resources. In addition, compensation of our executives and non-executive employees is based in part on the performance of our business evaluated using this same non-GAAP information. We believe this non-GAAP information affords investors investors' overall understanding of our current financial performance and our prospects for the future by providing more transparency for certain financial measures and providing a level of disclosure that helps investors we plan and measure our business. We believe that providing this non-GAAP information affords investors a view of our operating results on both a GAAP and non-GAAP basis during and following the integration period of our acquisitions.

However, this non-GAAP information is not in accordance with, or an alternative to, generally accepted accounting principles in the United States ("GAAP") and should be considered in conjunction with our GAAP results as the items excluded from the non-GAAP information often have a material impact on Progress' financial results. A reconciliation of non-GAAP adjustments to Progress' GAAP financial results is included in the tables in the press release and is available on the Progress website at www.progress.com within the investor relations section.

As described in more detail below, non-GAAP revenue, non-GAAP costs of sales and operating expenses, non-GAAP income from operations and operating margin, non-GAAP net income, and non-GAAP diluted earnings per share exclude the effect of purchase accounting on the fair value of accquired deferred revenue, amortization of acquired intangible assets, stock-based compensation expenses, restructing charges, acquisition-related and transition expenses, and the related tax effects of the preceding items. We also provide guidance on adjusted free acts flow, which is equal to cash flows from operating activities less purchases of property and equipment, plus restructuring payments.

In the noted fiscal periods, we adjusted for the following items from our GAAP financial results to arrive at our non-GAAP financial measures:

- Acquisition-related revenue In all periods presented, we include acquisition-related revenue, which constitutes revenue reflected as pre-acquisition deferred revenue that would otherwise have been recognized but for the purchase accounting treatment of acquisitions. The acquisition-related revenue in our results relates to Chef Software, Inc. and Ipswitch, Inc., which we acquired on October 5, 2020 and April 30, 2019, respectively. Since GAAP accounting requires the elimination of this revenue, GAAP results alone do not fully capture all of our economic activities. We believe these adjustments are useful to management and investors as a measure of the ongoing performance of the business because, although we cannot be certain that customers will renew their contracts, we have historically experienced high renewal rates on maintenance and support agreements and other customer contracts. Additionally, although acquisition-related revenue adjustments are non-recurring with respect to past acquisitions, we expect to incur these adjustments in connection with any future acquisitions.
- Amortization of acquired intangibles In all periods presented, we exclude amortization of acquired intangibles because those expenses are unrelated to our core operating performance and the intangible assets acquired vary significantly based on the timing and magnitude of our acquisition transactions and the maturities of the businesses acquired.
- Stock-based compensation In all periods presented, we exclude stock-based compensation to be consistent with the way management and the financial community evaluates our performance and the methods used by analysts to calculate consensus estimates. The expense related to stock-based awards is generally not controllable in the short-term and can vary significantly based on the timing, size and nature of awards granted. As such, we do not include these charges in operating plans. Stock-based compensation will continue in future periods.

- · Restructuring expenses In all periods presented, we exclude restructuring expenses incurred because those expenses distort trends and are not part of our core operating results.
- Acquisition-related and transition expenses In all periods presented, we exclude acquisition-related expenses because those expenses distort trends and are not part of our core operating results. In recent years, we have completed a number of acquisitions, which result in our incurring operating expenses which would not otherwise have been incurred. By excluding certain transition, integration and other acquisition-related expense items in connection with acquisitions, this provides more meaningful comparisons of the financial results to our historical operations and forward-looking guidance and the financial results of less acquisitive peer companies. We consider these types of costs and adjustments, to a great extent, to be unpredictable and dependent on a significant number of factors that are outside of our control. Furthermore, we do not consider these acquisition-related costs and adjustments to be related to the organic continuing operations of the acquired businesses and are generally not relevant to assessing or estimating the long-term performance of the acquired assets. In addition, the size, complexity and/or volume of past acquisitions, which often drives the magnitude of acquisition-related costs, may not be indicative of the size, complexity and/or volume of future acquisitions.
- · Income tax adjustment In all periods presented, we adjust our income tax provision by excluding the tax impact of the non-GAAP adjustments discussed above.

Constant Currency - Revenue from our international operations has historically represented a substantial portion of our total revenue. As a result, our revenue results have been impacted, and we expect will continue to be impacted, by fluctuations in foreign currency exchange rates. For example, if the local currencies of our foreign subsidiaries strengthen, our consolidated results stated in U.S. dollars are positively impacted.

As exchange rates are an important factor in understanding period to period comparisons, we present revenue growth rates on a constant currency basis, which helps improve the understanding of our revenue results and our performance in comparison to prior periods. The constant currency information presented is calculated by translating current period results using prior period weighted average foreign currency exchange rates. These results should be considered in addition to, not as a substitute for, results reported in accordance with GAAP.

Annual Recurring Revenue ("ARR") - Beginning this period, Progress is providing an ARR performance metric to help investors better understand and assess the performance of our business because our mix of revenue generated from recurring sources has increased in recent years. ARR represents the annualized contract value for all active and contractually binding term-based contracts at the end of a period. ARR includes maintenance, software upgrade rights, public cloud and on-premises subscription-based transactions and managed services.

ARR does not have any standardized meaning and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our customers.

Item 7.01 Regulation FD Disclosure

In connection with the issuance of the press release attached hereto as Exhibit 99.1, the supplemental data attached as Exhibit 99.2 to this Current Report will be available on the Progress website within the investor relations section prior to the live conference call.

PRESSANNOUNCEMENT

Progress Announces First Quarter 2021 Financial Results

Revenue and Earnings Per Share Exceed Guidance Ranges Full Year Guidance Increased for Revenue, Earnings Per Share and Free Cash Flow

BEDFORD, Mass, March 25, 2021 (GlobeNewswire) — Progress (NASDAQ: PRGS), the leading provider of products to develop, deploy and manage high-impact business applications, today announced financial results for its fiscal first quarter ended February 28, 2021

First Quarter 2021 Highlights:

- $Revenue\ of\ \$121.3\ million\ increased\ 11\%\ year-over-year\ on\ an\ actual\ currency\ basis,\ and\ 9\%\ on\ a\ constant\ currency\ basis.$
- Non-GAAP revenue of \$121.3 million increased 11% year-over-year on an actual currency basis, and 9% on a constant currency basis.

 Annualized Recurring Revenue (ARR) of \$432 million increased 22% year-over-year on a constant currency basis with growth primarily driven by the acquisition of Chef Software.

 Operating margin was 23% and Non-GAAP operating margin was 43%.

 Diluted earnings per share was \$0.42 compared to \$0.46 in the same quarter last year, a decrease of 9%.

 Non-GAAP diluted earnings per share was \$0.95 compared to \$0.76 in the same quarter last year, an increase of 25%.

"The first quarter marked an excellent start to 2021 highlighted by better-than-expected growth on both the top and bottom line" said Yogesh Gupta, CEO at Progress. "Our performance was stronger than expected across virtually all product lines and all of our key metrics. I am especially proud of the continued hard work and dedication of our entire organization and our first quarter results position us well as we continue to execute our total growth strategy."

Additional financial highlights included(1):

 $^{^{(1)}}$ See Legal Notice Regarding Non-GAAP Financial Information

Other fiscal first quarter 2021 metrics and recent results included:

- Cash, cash equivalents and short-term investments were \$114.4 million at the end of the quarter; DSO was 53 days compared to 49 days in the fiscal first quarter of 2020 and 54 days in the fiscal fourth quarter of 2020;
- Pursuant to the \$250 million share authorization by the Board of Directors, Progress repurchased 0.4 million shares for \$15.0 million during the first fiscal quarter of 2021. As of February 28, 2021, there was \$175.0 million remaining under this authorization; and
- On March 23, 2021, our Board of Directors declared a quarterly dividend of \$0.175 per share of common stock that will be paid on June 15, 2021 to shareholders of record as of the close of business on June 1, 2021.

Anthony Folger, CFO, said: "Progress delivered strong financial results across the board in the first quarter, which has given us even greater confidence in our prospects for 2021. The integration of Chef is tracking ahead of plan and Chef's first full quarter with Progress contributed better than expected performance and helped continue the trend of an increasing mix of revenue being derived from recurring sources."

Select Performance Metrics:

Management evaluates our financial performance using a number of financial and operating metrics. These metrics are periodically reviewed and revised to reflect changes in our business.

Beginning this period, Progress is providing an ARR performance metric to help investors better understand and assess the performance of our business because our mix of revenue generated from recurring sources has increased in recent years. ARR represents the annualized contract value for all active and contractually binding term-based contracts at the end of a period. ARR includes maintenance, software upgrade rights, public cloud and on-premises subscription-based transactions and managed services. Additional information regarding ARR is contained in the company's Current Report on Form 8-K furnished to the Securities and Exchange Commission in connection with this press release, which is also available on the Progress website within the investor relations section.

ARR does not have any standardized meaning and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our customers.

In addition, Progress is in the process of updating its segments based on changes to how performance is assessed and resources are allocated. Progress expects to begin operating as one distinct segment to align with the way that management internally analyzes the business. Progress previously reported results based on three segments. Progress plans to implement the new segment structure starting with results for the fiscal second quarter ending May 31, 2021.

2021 Business Outlook

Progress provides the following guidance for the fiscal year ending November 30, 2021 and the fiscal second quarter ending May 31, 2021:

	Updated FY 2021 (March 25, 2		FY 2021 Guidance (January 14, 2021)		
(In millions, except percentages and per share amounts)	GAAP	Non-GAAP	GAAP	Non-GAAP	
Revenue	\$493 - \$501	\$519 - \$527	\$487 - \$495	\$513 - \$521	
Diluted earnings per share	\$1.56 - \$1.60	\$3.38 - \$3.42	\$1.40 - \$1.46	\$3.22 - \$3.28	
Operating margin	20%	38%	19%	37%	
Cash from operations (GAAP) / Adjusted free cash flow (Non-GAAP)	\$157 - \$162	\$155 - \$160	\$151 - \$156	\$150 - \$155	
Effective tax rate	21 %	20 %	21 %	20 %	
		_	Q2 2021 Guid	lance	
(In millions, except per share amounts)			GAAP	Non-GAAP	
Revenue		_	\$112 - \$116	\$119 - \$123	
Diluted earnings per share			\$0.25 - \$0.27	\$0.72 - \$0.74	

Based on current exchange rates, the expected positive currency translation impact on Progress' fiscal year 2021 business outlook compared to 2020 exchange rates is approximately \$5.8 million on GAAP and non-GAAP revenue, and approximately \$0.0 on GAAP and non-GAAP diluted earnings per share. The expected positive currency translation impact on Progress' fiscal Q2 2021 business outlook compared to 2020 exchange rates on GAAP and non-GAAP revenue is approximately \$2.4 million. The expected positive impact on GAAP and non-GAAP diluted Q2 2021 earnings per share is \$0.01. To the extent that there are changes in exchange rates versus the current environment, this may have an impact on Progress' business outlook.

Conference Call

Progress will hold a conference call to review its financial results for the fiscal first quarter of 2021 at 5:00 p.m. ET on Thursday, March 25, 2021. The call can be accessed on the investor relations section of the company's website, located at www.progress.com. Additionally, you can listen to the call by telephone by dialing 800-367-2403 or 334-777-6978, passcode 3276569. The conference call will include comments followed by questions and answers. An archived version of the conference call and supporting materials will be available on the Progress website within the investor relations section after the live conference call.

Legal Notice Regarding Non-GAAP Financial Information

Progress provides non-GAAP financial information as additional information for investors. These non-GAAP measures are not in accordance with, or an alternative to, generally accepted accounting principles in the United States ("GAAP"). Progress believes that the non-GAAP results described in this release are useful for an understanding of its ongoing operations and provide additional detail and an alternative method of assessing its operating results. A reconciliation of non-GAAP adjustments to the company's GAAP financial results is included in the tables below and is available on the Progress website at www.progress.com within the investor relations section. Additional information regarding the company's non-GAAP financial information is contained in the company's Current Report on Form 8-K furnished to the Securities and Exchange Commission in connection with this press release, which is also available on the Progress website within the investor relations section.

Note Regarding Forward-Looking Statements

This press release contains statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Progress has identified some of these forward-looking statements with words like "believe," "may," "could," "would," "might," "should," "expect," "intend," "plan," "target," "anticipate" and "continue," the negative of these words, other terms of similar meaning or the use of future dates.

Forward-looking statements in this press release include, but are not limited to, statements regarding Progress' business outlook and financial guidance. There are a number of factors that could cause actual results or future events to differ materially from those anticipated by the forward-looking statements, including, without limitation:

(1) Economic, geopolitical and market conditions can adversely affect our business, results of operations and financial condition, including our revenue growth and profitability, which in turn could adversely affect our stock price. (2) We may fail to achieve our financial forecasts due to such factors as delays or size reductions in transactions, fewer large transactions in a particular quarter, fluctuations in currency exchange rates, or a decline in our renewal rates for contracts. (3) Our ability to successfully manage transitions to now business models and markets, including an increased emphasis on a cloud and subscription strategy, may not be successful. (4) If we are unable to develop new or sufficiently differentiated products and services, or to enhance and improve our existing products and services in a timely manner to meet market demand, partners and customers may not purchase new software licenses or subscriptions or purchase or renew support contracts. (5) We depend upon our extensive partner channel and we may not be successful in retaining or expanding our relationships with channel partners. (6) Our international sales and operations subject us additional risks that can adversely affect our operating results, including risks relating to foreign currency gains and losses. (7) If the security measures for our software, services, other offerings or our internal information technology infrastructure are compromised or subject to a successful cyber-attack, or if our software offerings contain significant coding or configuration errors, we may experience reputational harm, legal claims and financial exposure. (8) We have made acquisitions, and may make acquisitions in the future, and those acquisitions may not be successful, may involve unanticipated costs or other integration issues or may disrupt our existing operations. (9) Delay or failure to realize the expected synergies and benefits of the Chef acquisition could negatively impact our future results of operations and financial condition; (10)

About Progress

Progress (NASDAQ: PRGS) provides the best products to develop, deploy and manage high-impact business applications. Our comprehensive product stack is designed to make technology teams more productive and we have a deep commitment to the developer community, both open source and commercial alike. With Progress, organizations can accelerate the creation and delivery of strategic business applications, automate the process by which apps are configured, deployed and scaled, and make critical data and content more accessible and secure—leading to competitive differentiation and business success. Over 1,700 independent software vendors, 100,000 enterprise customers, and three million developers rely on Progress to power their applications. (1)Acquisition-related revenue constitutes revenue reflected as pre-acquisition deferred revenue that would otherwise have been recognized but for the purchase accounting treatment of acquisitions. Since GAAP accounting requires the elimination of this revenue, GAAP results alone do not fully capture all of our economic activities. Acquisition-related revenue adjustments relate to Progress' Application Development and Deployment business segment for Chef and Progress' OpenEdge business segment for Ipswitch.

RECONCILIATIONS OF GAAP TO NON-GAAP FINANCIAL MEASURES FOR Q2 2021 GUIDANCE

(Unaudited)

Q2 2021 Revenue Guidance

	Three Months Ended			Three Mo	Three Months Ending		
	May 31, 2020 May 31, 2021			31, 2021			
(In millions)			Low	% Change	High	% Change	
GAAP revenue	\$	100.4	\$ 112.3	12 %	\$ 116.3	16 %	
Acquisition-related adjustments - revenue ⁽¹⁾		2.1	6.7	219 %	6.7	219 %	
Non-GAAP revenue	\$	102.5	\$ 119.0	16 %	\$ 123.0	20 %	

O'Acquisition-related revenue constitutes revenue reflected as pre-acquisition deferred revenue that would otherwise have been recognized but for the purchase accounting treatment of acquisitions. Since GAAP accounting requires the elimination of this revenue, GAAP results alone do not fully capture all of our economic activities. Acquisition-related revenue adjustments relate to Ipswitch and Chef.

Q2 2021 Non-GAAP Earnings per Share Guidance

	Three Months Ending May 31, 2021			
		Low		High
GAAP diluted earnings per share	\$	0.25	\$	0.27
Acquisition-related revenue		0.15		0.15
Acquisition-related expense		0.01		0.01
Stock-based compensation		0.16		0.16
Amortization of acquired intangibles		0.26		0.26
Total adjustments ⁽²⁾		0.58		0.58
Income tax adjustment		(0.11)		(0.11)
Non-GAAP diluted earnings per share	\$	0.72	\$	0.74

⁽²⁾ Total adjustments include preliminary estimates relating to the valuation of intangible assets acquired from Chef. The final amounts will not be available until the Company's internal procedures and reviews are completed.

Progress Financial Results

Q1 2021 Supplemental Data

Legal Notice

This presentation contains statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Progress has identified some of these forward-looking statements with words like "believe," "may," "could," "would," "hight," "should," "expect," "intend," "plan," "target," anticipate" and "continue," the negative of these words, other terms of similar meaning or the use of future dates. Forward-looking statements in this presentation include, but are not limited to, statements regarding Progress's strategy; acquisitions; future revenue growth, operating margin and cost savings; strategic partnering and marketing initiatives; and other statements regarding the future operation, direction, prospects and success of Progress's business.

There are a number of factors that could cause actual results or future events to differ materially from those anticipated by the forward-looking statements, including, without limitation:

- Economic, geopolitical and market conditions can adversely affect our business, results of operations and financial condition, including our revenue growth and profitability, which in turn could adversely affect our stock price
- We may fail to achieve our financial forecasts due to such factors as delays or size reductions in transactions, fewer large transactions in a particular quarter, fluctuations in currency exchange rates, or a decline in our renewal rates for contracts.
- Our ability to successfully manage transitions to new business models and markets, including an increased emphasis on a cloud and subscription strategy, may not be successful.
- If we are unable to develop new or sufficiently differentiated products and services, or to enhance and improve our existing products and services in a timely manner to meet market demand, partners and customers may not purchase new software licenses or subscriptions or purchase or renew support contracts.
- We depend upon our extensive partner channel and we may not be successful in retaining or expanding our relationships with channel partners.
- Our international sales and operations subject us to additional risks that can adversely affect our operating results, including risks relating to foreign currency gains and losses.
- If the security measures for our software, services, other offerings or our internal information technology infrastructure are compromised or subject to a successful cyber-attack, or if our software offerings contain significant coding or configuration errors, we may experience reputational harm, legal claims and financial exposure.
- We have made acquisitions, and may make acquisitions in the future, and those acquisitions may not be successful, may involve unanticipated costs or other integration issues or may disrupt our existing
- Delay or failure to realize the expected synergies and benefits of the Chef acquisition could adversely impact our future results of operations and financial condition.
- The continuing impact of the coronavirus disease (COVID-19) outbreak on our employees, customers, partners, and the global financial markets could adversely affect our business, results of operations and financial condition

For further information regarding risks and uncertainties associated with our business, please refer to our filings with the Securities and Exchange Commission. Progress undertakes no obligation to update any forward-looking statements, which speak only as of the date of this presentation, except for statements relating to Progress' projected results for the quarter ended February 28, 2021 and fiscal year ended November 30, 2021, which speak only as of March 25, 2021.

Finally, during this presentation we will be referring to non-GAAP financial measures such as non-GAAP revenue, non-GAAP income from operations and operating margin, adjusted free cash flow and non-GAAP diluted earnings per share. These non-GAAP measures are not prepared in accordance with generally accepted accounting principles. A reconciliation between non-GAAP and the most directly comparable GAAP financial measures appears in our earnings press release for the fiscal quarter ended February 28, 2021 and is available in the Investor Relations section of our Web site of the comparable GAAP financial measures appears in our earnings press release for the fiscal quarter ended February 28, 2021 and is available in the Investor Relations section of our Web site.

Introducing Annualized Recurring Revenue (ARR)

What it is and what it's not

It is:

- The annualized value of all recurring revenue related contracts in place at the end of the period.
- An operating metric that should be viewed independently of revenue and deferred revenue.

It is not:

- Intended to be combined with or replace revenue and deferred revenue
- A forecast of future revenue

What's included and excluded

Included:

- Maintenance Revenue
- Subscription revenue derived from hosted/SaaS solutions and on prem term license arrangements

Excluded:

- Revenue reported as perpetual license
- Non-Recurring professional services

2021 Progress Software Corporation and/or its subsidiaries or affiliates. All rights reserved.

Introducing Net Dollar Retention Rate

What it is and what it's not

It is:

It is not:

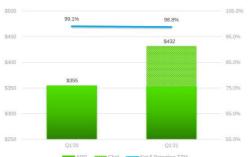

- A calculation (detailed below) which attempts to capture all potential customer actions
- An operating metric that should be viewed independently of revenue
- Intended to be combined with or replace revenue and deferred revenue
- > Meant to be a forecast of future revenue

1021 Drowner Coftune Compension and/or its subsidiaries or offlictor. All cidate measure

Annualized Recurring Revenue (amounts reported in constant currency)

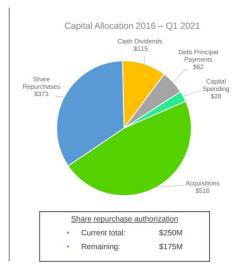

Vote: ARR is a Non-GAAP operating metric and does not have a standardiated definition. It is therefore unlikely to be comparable to similarly littled measures presented by other comparaise. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those levens. ARR is not a foresteat and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our customers.
