**Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing**

On April 18, 2007, Progress Software Corporation (the "Company") received a Letter of Reprimand (the "Letter") from the NASDAQ Listing Qualifications Department relating to a determination by the NASDAQ Staff that the Company had failed to comply with the shareholder approval requirements of Marketplace Rule 4350(i)(1)(A) because the Company granted stock options under its 1997 Stock Incentive Plan (the "Plan") to members of the Compensation Committee of the Company's Board of Directors. During a review by the Company of its stock option practices and procedures, it was determined that the Plan contains language that prohibits directors who serve on the Compensation Committee from receiving any option grants under the Plan. It is the Company's position that such language was a result of a scrivener's error and should not have been included in the Plan. Nonetheless, the NASDAQ Staff determined that the Company violated the shareholder approval rules by issuing options under the Plan to directors serving on the Compensation Committee. In the Letter, the NASDAQ Staff indicated that it believed it was appropriate to close this matter by issuing the Letter without any additional sanction.

The Board of Directors has approved an amendment and restatement of the Plan that, among other things, corrects the eligibility provisions of the Plan so that members of the Compensation Committee may be eligible to receive grants in the future. The amendment and restatement of the Plan remains subject to shareholder approval at the 2007 annual meeting of shareholders to be held on April 26, 2007.

The Company also has taken action to cancel all outstanding stock options granted to members of the Board while serving on the Compensation Committee. With respect to options that had already been exercised, the affected director has returned to the Company the shares acquired through option exercise and the Company has refunded to the director the exercise price. In instances where the director had already sold the shares, the director has returned to the Company the net profit from the sale of the shares. The Company has committed to grant make-whole equity awards and/or cash payments to the directors whose stock options were cancelled.

On April 24, 2007, the Company issued a press release announcing the receipt of the Letter. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

#### **PROGRESS SOFTWARE CORPORATION ANNOUNCES RECEIPT OF NASDAQ LETTER OF REPRIMAND**

**BEDFORD, Mass., April 24, 2007**— Progress Software Corporation (NASDAQ: PRGS), a provider of leading application infrastructure software to develop, deploy, integrate and manage business applications, today announced that it has received a Letter of Reprimand from the NASDAQ Listing Qualifications Department relating to a determination by the NASDAQ Staff that the Company had failed to comply with the shareholder approval requirements of Marketplace Rule 4350. NASDAQ's Marketplace Rule 4350(i)(1)(A) generally requires listed issuers to obtain shareholder approval prior to granting equity compensation to officers, directors, employees or consultants.

During a review by the Company of its stock option practices and procedures it was determined that its 1997 Stock Incentive Plan contains language that prohibits directors who serve on the Compensation Committee of the Company's Board of Directors from receiving any option grants under the Plan. It is the Company's position that such language was a result of a scrivener's error and should not have been included in the Plan. In each of the Company's proxy statements for 1997, 1999, 2000 and 2006, shareholders were told specifically that the Plan permitted the granting of awards to all directors. Nonetheless, the NASDAQ Staff determined that the Company violated the shareholder approval rules by issuing options under the Plan to directors serving on the Compensation Committee.

The Company has taken action to cancel all outstanding stock options granted to members of the Board while serving on the Compensation Committee. With respect to options that had already been exercised, the affected director has returned to the Company the shares acquired through option exercise and the Company has refunded to the director the exercise price. In instances where the director had already sold the shares, the director has returned to the Company the net profit from the sale of the shares. The Company has committed to grant make-whole equity awards and/or cash payments to the directors whose stock options were cancelled.

In the Letter of Reprimand, the NASDAQ Staff indicated that it believed it was appropriate to close this matter by issuing the Letter without any additional sanction as this matter was brought to the attention of NASDAQ voluntarily by the Company, the Company had acted promptly to cure the deficiency, and the failure did not appear to have been the result of a deliberate intent to avoid compliance.
