Explanation of Responses:
1. This Form is being filed to report the exercise of a stock option for a total of 10,841 shares by means of a stock swap. A stock swap is a method of exercising a stock option in which the option holder attests to the ownership of enough shares of stock already owned by the option holder to cover the exercise price of the option being exercised. As a result of this stock swap, the Reporting Person acquired ownership of an additional 5,846 shares of common stock.
