Progress Reports 2017 Fiscal First Quarter Results

BEDFORD, MA, March 29, 2017 (BUSINESSWIRE) — Progress (NASDAQ: PRGS), today announced results for its fiscal first quarter ended February 28, 2017.

Revenue was \$91.0 million during the quarter compared to \$89.5 million in the same quarter last year, a year-over-year increase of 2% on an actual currency basis and 3% on a constant currency basis. On a non-GAAP basis, revenue was \$91.2 million compared to \$90.2 million in the same quarter last year, an increase of 1% on an actual currency basis and 2% on a constant currency basis.

Additional financial highlights included:

On a GAAP basis in the fiscal first quarter of 2017:

- Revenue was \$91.0 million compared to \$89.5 million in the same quarter in fiscal year 2016;
- Income from operations was \$1.2 million (including a restructuring charge of \$17.1 million) compared to \$6.7 million in the same quarter last year;
- Net loss was \$0.5 million compared to net income of \$3.2 million in the same quarter last year;
- Diluted loss per share was \$0.01 compared to diluted earnings per share of \$0.06 in the same quarter last year; and
- Cash from operations was \$37.3 million compared to \$22.5 million in the same quarter last year.

On a non-GAAP basis in the fiscal first quarter of 2017:

- Revenue was \$91.2 million compared to \$90.2 million in the same quarter last year;
- Income from operations was \$27.1 million compared to \$21.5 million in the same quarter last year;
- Operating margin was 30% compared to 24% in the same quarter last year;
- Net income was \$16.8 million compared to \$13.8 million in the same quarter last year;
- Diluted earnings per share was \$0.34 compared to \$0.27 in the same quarter last year; and
- Adjusted free cash flow was \$43.0 million compared to \$22.7 million in the same quarter last year.

Yogesh Gupta, CEO at Progress, said: “I am pleased with our Q1 performance. Our revenue and earnings per share were above our expectations, and we announced several important releases of our core technology during the quarter. I am also excited about our recent acquisition of DataRPM, which will enable us to accelerate the development of our next-generation Cognitive Applications platform, the driver for our future growth.”

Paul Jalbert, newly appointed CFO at Progress, said: “We achieved strong free cash flow during the quarter, driven largely by collections that resulted in an excellent DSO performance, a testament to the quality of our products and services. Our quarterly dividend and continued share repurchases underscore our confidence in our financial strength and ongoing cash flow generation.”

Other fiscal first quarter 2017 metrics and recent results included:

- Cash, cash equivalents and short-term investments were \$264.2 million;
- DSO was 48 days compared to 59 days in the fiscal first quarter of 2016 and 50 days in the fiscal fourth quarter of 2016;

- Under the previously announced authorization by the Board of Directors to repurchase up to \$200 million of shares of common stock, Progress repurchased 0.6 million shares for \$18.1 million during the fiscal first quarter of 2017. As of February 28, 2017, there was \$117.3 million remaining under this authorization; and
- On March 24, 2017, our Board of Directors declared a quarterly dividend of \$0.125 per share of common stock that will be paid on June 15, 2017 to shareholders of record as of the close of business on June 1, 2017.

Business Outlook

Progress provides the following guidance for the fiscal year ending November 30, 2017 and the second fiscal quarter ending May 31, 2017:

| <i>(In millions, except percentages and per share amounts)</i> | FY 2017 GAAP | FY 2017 Non-GAAP (unchanged) | Q2 2017 GAAP | Q2 2017 Non-GAAP |
|--|-----------------|------------------------------------|-----------------|---------------------|
| Revenue | \$387 - \$395 | \$388 - \$396 | \$89 - \$92 | \$89 - \$92 |
| Diluted earnings per share | \$0.64 - \$0.70 | \$1.64 - \$1.69 | \$0.13 - \$0.15 | \$0.35 - \$0.37 |
| Operating margin | 15% - 17% | 32% - 33% | * | * |
| Adjusted free cash flow | \$85 - \$93 | \$95 - \$100 | * | * |
| Effective tax rate | 43% | 33% | * | * |

* We do not provide guidance for this financial measure.

Progress' fiscal 2017 financial guidance is based on current exchange rates. The negative currency translation impact on Progress' fiscal year 2017 business outlook compared to 2016 exchange rates is approximately \$5.0 million on GAAP and non-GAAP revenue. The negative currency translation impact on Progress' fiscal Q2 2017 business outlook compared to 2016 exchange rates is approximately \$2.0 million on GAAP and non-GAAP revenue. To the extent that there are further changes in exchange rates versus the current environment, this may have an additional impact on Progress' business outlook.

Conference Call

The Progress quarterly investor conference call to review its fiscal first quarter of 2017 will be broadcast live at 5:00 p.m. ET on Wednesday, March 29, 2017 and can be accessed on the investor relations section of the company's website, located at www.progress.com. Additionally, you can listen to the call by telephone by dialing 1-877-857-6173, pass code 9231513. The conference call will include brief comments followed by questions and answers. An archived version of the conference call and supporting materials will be available on the Progress website within the investor relations section after the live conference call.

Non-GAAP Financial Information

Progress provides non-GAAP supplemental information to its financial results.

We use this non-GAAP information to evaluate our period-over-period operating performance because our management believes the information helps illustrate underlying trends in our business and provides us with a more comparable measure of our continuing business, as well as a greater understanding of the results from the primary operations of our business, by excluding the effects of certain items that do not reflect the ordinary earnings of our operations. Management also uses this non-GAAP financial information to establish budgets and operational goals, which are communicated internally and externally, evaluate performance, and allocate resources. In addition, compensation of our executives and non-executive employees is based in part on the performance of our business evaluated using this same non-GAAP information.

However, this non-GAAP information is not in accordance with, or an alternative to, generally accepted accounting principles in the United States (GAAP) and should be considered in conjunction with our GAAP results as the items excluded from the non-GAAP information often have a material impact on Progress' financial results. A reconciliation of non-GAAP adjustments to Progress' GAAP financial results is included in the tables below and is available on the Progress website at www.progress.com within the investor relations section.

As described in more detail below, non-GAAP revenue, non-GAAP costs of sales and operating expenses, non-GAAP income from operations and operating margin, non-GAAP net income, and non-GAAP diluted earnings per share exclude the effect of purchase accounting on the fair value of acquired deferred revenue, amortization of acquired intangible assets, stock-based

compensation expense, restructuring charges, acquisition-related expenses, certain identified non-operating gains and losses, and the related tax effects of the preceding items. We also provide guidance on adjusted free cash flow, which is equal to cash flows from operating activities less purchases of property and equipment and capitalized software development costs, plus restructuring payments.

In the noted fiscal periods, we adjusted for the following items from our GAAP financial results to arrive at our non-GAAP financial measures:

- *Acquisition-related revenue* - In all periods presented, we include acquisition-related revenue, which constitutes revenue reflected as pre-acquisition deferred revenue by Telerik AD ("Telerik") that would otherwise have been recognized but for the purchase accounting treatment of the acquisition of Telerik. We acquired Telerik on December 2, 2014. Since GAAP accounting requires the elimination of this revenue, GAAP results alone do not fully capture all of our economic activities. We believe these adjustments are useful to management and investors as a measure of the ongoing performance of the business because, although we cannot be certain that customers will renew their contracts, we (and Telerik) have historically experienced high renewal rates on maintenance and support agreements and other customer contracts. Additionally, although acquisition-related revenue adjustments are non-recurring with respect to past acquisitions, we expect to incur these adjustments in connection with any future acquisitions.
- *Amortization of acquired intangibles* - In all periods presented, we exclude amortization of acquired intangibles because those expenses are unrelated to our core operating performance and the intangible assets acquired vary significantly based on the timing and magnitude of our acquisition transactions and the maturities of the businesses acquired.
- *Stock-based compensation* - In all periods presented, we exclude stock-based compensation to be consistent with the way management and the financial community evaluates our performance and the methods used by analysts to calculate consensus estimates. The expense related to stock-based awards is generally not controllable in the short-term and can vary significantly based on the timing, size and nature of awards granted. As such, we do not include these charges in operating plans. Stock-based compensation will continue in future periods.
- *Restructuring expenses* - In all periods presented, we exclude restructuring expenses incurred because those expenses distort trends and are not part of our core operating results.
- *Acquisition-related and transition expenses* - In all periods presented, we exclude acquisition-related expenses because those expenses distort trends and are not part of our core operating results. In recent years, we have completed a number of acquisitions, which result in our incurring operating expenses which would not otherwise have been incurred. By excluding certain transition, integration and other acquisition-related expense items in connection with acquisitions, this provides more meaningful comparisons of the financial results to our historical operations and forward looking guidance and the financial results of less acquisitive peer companies. We consider these types of costs and adjustments, to a great extent, to be unpredictable and dependent on a significant number of factors that are outside of our control. Furthermore, we do not consider these acquisition-related costs and adjustments to be related to the organic continuing operations of the acquired businesses and are generally not relevant to assessing or estimating the long-term performance of the acquired assets. In addition, the size, complexity and/or volume of past acquisitions, which often drives the magnitude of acquisition related costs, may not be indicative of the size, complexity and/or volume of future acquisitions.
- *Income tax adjustment* - In all periods presented, we adjust our income tax provision by excluding the tax impact of the non-GAAP adjustments discussed above.

Constant Currency

Revenue from our international operations has historically represented a substantial portion of our total revenue. As a result, our revenue results have been impacted, and we expect will continue to be impacted, by fluctuations in foreign currency exchange rates. For example, if the local currencies of our foreign subsidiaries weaken, our consolidated results stated in U.S. dollars are negatively impacted.

As exchange rates are an important factor in understanding period to period comparisons, we present revenue growth rates on a constant currency basis, which helps improve the understanding of our revenue results and our performance in comparison to

prior periods. The constant currency information presented is calculated by translating current period results using prior period weighted average foreign currency exchange rates. These results should be considered in addition to, not as a substitute for, results reported in accordance with GAAP.

Note Regarding Forward-Looking Statements

This press release contains statements that are “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Progress has identified some of these forward-looking statements with words like “believe,” “may,” “could,” “would,” “might,” “should,” “expect,” “intend,” “plan,” “target,” “anticipate” and “continue,” the negative of these words, other terms of similar meaning or the use of future dates.

Forward-looking statements in this press release include, but are not limited to, statements regarding Progress' business outlook and financial guidance. There are a number of factors that could cause actual results or future events to differ materially from those anticipated by the forward-looking statements, including, without limitation:

(1) Economic, geopolitical and market conditions, including the uncertain economic environment in Europe as a result of the Brexit vote, and the continued difficult economic environment in Brazil and other parts of the world, can adversely affect our business, results of operations and financial condition, including our revenue growth and profitability, which in turn could adversely affect our stock price. (2) We may fail to achieve our financial forecasts due to such factors as delays or size reductions in transactions, fewer large transactions in a particular quarter, fluctuations in currency exchange rates, or a decline in our renewal rates for contracts. (3) Our ability to successfully manage transitions to new business models and markets, including an increased emphasis on a cloud and subscription strategy, may not be successful. (4) If we are unable to develop new or sufficiently differentiated products and services, or to enhance and improve our existing products and services in a timely manner to meet market demand, partners and customers may not purchase new software licenses or subscriptions or purchase or renew support contracts. (5) We depend upon our extensive partner channel and we may not be successful in retaining or expanding our relationships with channel partners. (6) Our international sales and operations subject us to additional risks that can adversely affect our operating results, including risks relating to foreign currency gains and losses. (7) If the security measures for our software, services or other offerings are compromised or subject to a successful cyber-attack, or if such offerings contain significant coding or configuration errors, we may experience reputational harm, legal claims and financial exposure. (8) We may make acquisitions in the future and those acquisitions may not be successful, may involve unanticipated costs or other integration issues or may disrupt our existing operations. For further information regarding risks and uncertainties associated with Progress' business, please refer to Progress' filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended November 30, 2016. Progress undertakes no obligation to update any forward-looking statements, which speak only as of the date of this press release.

(1) Adjustments to revenue relate to acquisition-related revenue, which constitutes revenue reflected as pre-acquisition deferred revenue by Telerik that would otherwise have been recognized but for the purchase accounting treatment of the acquisition of Telerik. Since GAAP accounting requires the elimination of this revenue, GAAP results alone do not fully capture all of our economic activities. Note that acquisition-related revenue adjustments entirely relate to Progress' Application Development and Deployment business unit.

(2) Stock-based compensation is included in the GAAP statements of income, as follows:
