Progress Software Successfully Completes 12th Analyst Conference

BEDFORD, Mass., Mar 08, 2010 (BUSINESS WIRE) -- Progress Software Corporation (NASDAQ: PRGS), a leading software provider that enables enterprises to be operationally responsive, announced the successful completion of its annual industry and financial analyst conference. This was the 12th consecutive conference that Progress Software has held in Boston. More than 60 industry and financial analysts attended the conference with many 'tweeting' and 'blogging' on various topics during the day.

John Stewart, vice president of corporate marketing at Progress Software, commented that "this conference continues to be a good platform for the company to provide analysts who follow Progress with the company's latest updates and news. Progress has positioned itself uniquely to offer enterprises the tools to achieve operational responsiveness."

Presentations delivered at the conference can be found at the following URL: http://www.progress.com/investors. For background information about Progress Software's financial performance, please refer to the most recent Quarterly Earnings announcement.

About Progress Software Corporation

Progress Software Corporation (NASDAQ: PRGS) is a global software company that enables enterprises to be operationally responsive to changing conditions and customer interactions as they occur - to capitalize on new opportunities, drive greater efficiencies and reduce risk. The company offers a comprehensive portfolio of best-in-class infrastructure software spanning event-driven visibility and real-time response, open integration, data access and integration, and application development and deployment - all supporting on-premises and SaaS/Cloud deployments. Progress maximizes the benefits of operational responsiveness while minimizing IT complexity and total cost of ownership. Progress can be reached at http://www.progress.com or +1-781-280-4000.
